

WSPOS

World Society of Paediatric Ophthalmology & Strabismus

SUBSPECIALTY DAY

Friday 21 September 2018, Vienna, Austria

Preceding the 36th Congress of the ESCRS, 22 – 26 September 2018

PROGRAMME

www.wspos.org

WSPOS Subspecialty Day

08.30 – 10.00

Session 1: How to Manage Some Rare Diseases in Paediatric Ophthalmology (Sometimes Not So Rare!)

Chairpersons: **D. Bremond-Gignac** *FRANCE*
S. Wei Leo *SINGAPORE*

- 08.30 **D. Bremond-Gignac** *FRANCE*
Aniridia, a rare eye disease, what to manage?
- 08.45 **R. Caputo** *ITALY*
How to manage cataract in uveitis in children?
- 09.00 **S. Wei Leo** *SINGAPORE*
Complex ocular dermoids management
- 09.15 **A. Daruich-Matet** *FRANCE*
Update in Coats disease
- 09.30 **E. Landsend** *NORWAY*
The role of ocular surface disease in congenital aniridia
- 09.45 **M. Lakshminpathi** *INDIA*
Paediatric crosslinking
- 10.00 End of session

10.05 – 10.35

Session 2: Free Papers I

Chairperson: **M. Pihlblad** *USA*

- 10.05 **S. Karaman-Erdur** *TURKEY*
Optical coherence tomography in Leber's congenital amaurosis
- 10.10 **A. Daruich-Matet** *FRANCE*
Cataract development in children with Coats' disease: risk factors and outcome
- 10.15 **A. Papp** *AUSTRIA*
Graves Orbitopathy in children and adolescents: the Vienna experience
- 10.20 **S. Khokar** *INDIA*
Refractive outcomes of cataract surgery in operated primary congenital glaucoma
- 10.25 **R. Duke** *NIGERIA*
Visual impairment in preterm survivors: a situation analysis for preterm programme planning in Calabar Cross River State
- 10.30 Discussion
- 10.35 End of session

10.35 – 11.00

Break

11.00 – 12.30

Session 3: ROP

Chairpersons: **M. Tekavcic Pompe** *SLOVENIA*
G. Binenbaum *USA*

- 11.00 **M. Tekavcic Pompe** *SLOVENIA*
ROP – update for clinicians
- 11.20 **G. Binenbaum** *USA*
Risk in ROP Screening
- 11.40 **A. Lavric Groznik** *SLOVENIA*
Foveal vascular changes in preterm children
- 12.00 **A. Hellstrom** *SWEDEN*
Retinopathy of prematurity: preventative strategies and up to date treatment of severe ROP
- 12.20 **B. Harispard Shenoy** *UK*
Clinical profile and treatment outcomes following laser monotherapy and combination therapy with bevacizumab in paediatric Coats' disease (*Free Paper*)
- 12.26 Discussion
- 12.30 End of session

12.35 – 13.05

Session 4: Free Papers II

Chairperson: **J. Self** *UK*

- 12.35 **S. Gupta** *INDIA*
Descemet's and pre-Descemet's membrane in primary congenital glaucoma
- 12.40 **M. MK Diab** *SAUDI ARABIA*
Prospective comparative study of refractive lenticular extraction reflex smile compared to femto-LASIK in anisometropic children
- 12.45 **R. Gama** *PORTUGAL*
The optical coherence tomography analysis of the inner retinal layers in children
- 12.50 **M. Kikolashvili** *GEORGIA*
Long-term outcomes of comparative treatment of strabismus, when is vision therapy effective?
- 12.55 **G. Pilkova** *CZECH REPUBLIC*
Results of refractive screening in children and its significance in therapy at Children Eyecare Centre Kukátko
- 13.00 Discussion
- 13.05 End of session

13.05 – 14.30

Lunch Break

WSPOS Subspecialty Day

14.30 – 16.00

Session 5: Strabismus

Chairpersons: **M. Younis** [LEBANON](#)
R. Hertle [USA](#)

- 14.30 **M. Younis** [LEBANON](#)
Complications of strabismus surgery:
things I wish won't happen
- 14.40 **S. Guimaraes** [PORTUGAL](#)
Is there strabismic amblyopia undiagnosed by
primary care in children younger than 3 years old?
Our experience
- 14.50 **M. El-Dairi** [USA](#)
Strabismus due to compressive intracranial lesions
- 15.00 **R. Hertle** [USA](#)
Results of the multicentre convergency
insufficiency treatment trials
- 15.10 **Daniel Mojon** [SWITZERLAND](#)
Latest advancements in minimally invasive
strabismus surgery, MISS
- 15.20 **D.J. Salchow** [GERMANY](#)
Correcting vertical strabismus by operating
horizontal muscles
- 15.30 **B. Mohny** [USA](#)
Intermittent exotropia review
- 15.40 Discussion
- 16.00 End of session

16.10 – 17.40

Session 6: Paediatric Cataract: Useful Techniques to Consider

Chairpersons: **R. Kekunnaya** [INDIA](#)
K.K. Nischal [UK/USA](#)

- 16.10 **K.K. Nischal** [USA](#)
Band technique for traumatic cataract
- 16.22 **M.J. Tassignon** [BELGIUM](#)
Long term outcomes of Bag in the Lens technique
for paediatric cataract
- 16.34 **R. Kekunnaya** [INDIA](#)
Precision pulse capsulotomy in paediatric cataract
- 16.46 **D.J. Salchow** [GERMANY](#)
Sec IOL: when and how to do?
- 16.58 **M. Younes** [LEBANON](#)
Surgical management of ectopia lentis in childre
- 17.10 **S. Al-Obaisi** [SAUDI ARABIA](#)
The visual outcome of cataract surgery in children
with congenital glaucoma (*Free Paper*)
- 17.16 Discussion
- 17.40 End of session

17.45 – 18.15

Session 7: Free Papers III

Chairperson: **R. Hertle** [USA](#)

- 17.45 **L. Mohan** [INDIA](#)
Role of bifocals in children with Downs syndrome
- 17.50 **M. Al-Shamrani** [SAUDI ARABIA](#)
Incidence and risk factors for developing glaucoma
among paediatric patients with uveitis in tertiary
care centre in Saudi Arabia
- 17.55 **T. Tsybulskaya** [UKRAINE](#)
Ophthalmic and paediatric risk factors of the
progression of acquired myopia in children
associated with the syndrome of undifferentiated
connective tissue dysplasia
- 18.00 **N. Antsiferova** [RUSSIA](#)
Primary inferior oblique muscle over action in
infantile esotropia: can we prevent its development?
- 18.05 **K. Daba** [ETHIOPIA](#)
Long term outcome of bilateral lateral rectus
recession for large angle intermittent exotropia:
comparison between younger children and
older children
- 18.10 **N.M. Ayu Surasmianti** [INDONESIA](#)
Characteristics of amblyopia in patients with
strabismus in Sanglah Hospital Denpasar Bali
- 18.15 End of session

WCPOS V | 2020

5th World Congress of Paediatric Ophthalmology and Strabismus

Nicoline Schalijs MD
Local Host President

2-4 October 2020

RAI Amsterdam,
